1 AVX Boulevard, Fountain Inn, SC 29644 USA

Phone: +1 (864) 967-2150 | www.kyocera-avx.com

Dear Valued Customer,

Thank you for your interest in our certifications. We are currently awaiting the updated Work Conditions Assessment certificate from our certification body. Due to unforeseen administrative delays, there has been a hold-up in its issuance. We apologize for the inconvenience and are working diligently to resolve this matter.

Kyocera AVX Components Pte Ltd successfully completed the recertification audit in March 2024. We expect to receive the updated certificate from Intertek shortly and will post it to this site immediately.

If you have any questions, please contact Fredy Ascencio, Quality Manager for this location. We appreciate your understanding and continued support.

Regards,

KYOCERA AVX Quality
